

Subject Line: Destroy Dustzilla: Fight Your Filth Fears With the ElectroZoomXL

Defeat Your Dirt Demons with the ElectroZoom XL Vacuum

You love your pet to death, but they can be a bit of a dust devil.

When you return home after a long day, molt monsters lurk in every corner. You deserve to love your pet without fear — force out filth fiends with the ElectroZoom XL, the first industrial-strength consumer vacuum.

Featuring pathogen-killing and particle-grabbing technologies, the EZXL helps you slay the grime goblins.

- **Decimate Dander** – The patent-pending GermStat filter removes 99.97% of particles as small as 0.3 microns in size, catching the dust regular vacuums leave behind.
- **Beat Bacteria** – Protect your home from bacteria your pet tracks in. The UltimateUltraWave, the first ultraviolet germicidal irradiation (UVGI) light used in a vacuum, kills more than 90% of pathogens.
- **Portable Power** – The EZXL is a cordless, upright vacuum and can operate for 30 minutes on high power.

Your Vacuuming Sidekick

Bring the Pop-n-Go canister vacuum with you to reach tricky territories where pet fur and dirt collect.

- Detachable from the main vacuum
- Powerful, 200 watt motor
- Cordless design
